## **Solutions for the packaging industry**

***Benefit from our many years of experience  
and let us advise you independently and  
comprehensively on all application topics.***

### **Dirk Grawunder**

*Chief Executive Officer, Consultant*

*I am a state-certified printing technician, REFA technician and trainer. For many years I was global sales manager for several mechanical engineering companies, including laminating machines, folding box gluers and flatbed die cutters. I also worked for glue manufacturers as well as for manufacturers of printed products before founding my own company.*

Phone: +49 6039 2092152
